EDUCATION

Marwadi University

B.Tech in Information and Communication Technology (CGPA - 9.47)

Rajkot, Gujarat

Sept. 2022 – Sept. 2026

EXPERIENCE

Web Development Intern

AllySoft Solutions

May 2024 – July 2024

Rajkot, Gujarat

- Built a **Homeopathy Consultancy Management system** for patient records, consultations, and prescriptions
- Developed responsive UI components using **React, JavaScript, Bootstrap, and CSS** to improve clinic workflow
- Integrated **PHP** and phpMyAdmin data flows while collaborating with doctors to refine features across clinics

PROJECTS

BookTube | *React, Typescript, Flask, Python, Supabase, Gemini API*

Jan. 2025 – Present

- Built a **RAG**-based platform that transforms textbooks and syllabi into concise, personalized and engaging articles
- Designed adaptive learning features including progress tracking, recommendations, and tailored content generation
- Created a thumbnail pipeline that derives keywords from articles and fetches relevant visuals to boost engagement

Boilerplate | *Go, Cobra CLI, Viper*

Nov. 2025 – Present

- Built a flexible **developer CLI tool** that automates boilerplate creation and removes repetitive setup
- Added powerful template commands to list, generate, and add templates with customizable pre/post actions
- Enabled easy storing, previewing, and sharing of templates for consistent organizational project standards

SimpleSynth | *C++, JUCE, CMake*

Sep. 2025 – Nov. 2025

- Created a **desktop synthesizer** that simplifies sound design learning for students, producers and enthusiasts
- Implemented DSP components like oscillators, filters, LFOs, convolution, and compression for realistic synthesis
- Designed an intuitive interface enabling users with minimal experience to experiment and learn sound design

TECHNICAL SKILLS

Languages: Go, C/C++, Python, Rust, JavaScript, TypeScript, HTML/CSS, R

Frameworks & Libraries: React, Node.js, Flask, JUCE, Flutter

Developer Tools: Git, GitHub, Docker, Amazon Web Services, Vim, Linux

Databases: Postgres, MongoDB, SQLite, Firebase, Supabase, MySQL

ACHIEVEMENTS

- **Top 1% nationally** in NPTEL Deep Learning – IIT Ropar certification course with **92% score (Elite Tier)**.
- Awarded Academic Excellence **twice** for consistent top-tier academic performance, strong dedication, and growth.
- Selected TEDx Marwadi University 2024 attendee – among **top 100** students across the entire university cohort.

CERTIFICATIONS

- Deep Learning (IIT Ropar) - Elite Badge. [Link](#)
- AWS Academy Graduate - Cloud Developing. [Link](#)

May 2025

Aug. 2025

VOLUNTEER EXPERIENCE

Department Media Team Head

Marwadi University, Rajkot

Led a team of **30+ members** on department projects, including magazines, documentaries, interviews, and events.

Content Manager at Cloud Computing & DevOps Club

Marwadi University, Rajkot

Created engaging content for sessions, collaborated with mentors, and contributed to DevOps and cloud-focused projects.
