Education

Marwadi University, India [NAAC A+ Accredited]

Sept 2022 - Present

B.Tech. Information and Communication Technology

CGPA – 8.49

Experience

Ally Soft Solutions, Rajkot

May 2024 – July 2024

Full Stack Web Developer Intern

On-Site

- Designed and developed **Homeopathic Consultancy Management system**, responsible to easily manage and display the patient data, prescriptions and consultation history.
- Worked closely with end-users and mentors to align with project goals and user needs through continuous feedback.
- Technologies used – ReactJS, Bootstrap CSS, PHP, MySQL

Projects

BookTube | ReactJS, TailwindCSS, Flask, unstructured, Retrieval Augmented Generation API: Gemini 2.0, Unsplash

- Built and deployed academic content generator using **RAG**, integrated with **Google Gemini API**, and **Flask**.
- Implemented content-based Recommendation system using **all-mpnet-base-v2** sentence transformer with 109M+ parameters.
- Designed and developed a responsive frontend in ReactJS, TailwindCSS using Google's Material You theme system.

Road Marking Detection using Convolutional Neural Networks | Python, TensorFlow, Keras

- Developed **CNN (Convolutional Neural Network) Model** to detect road markings.
- Utilized **TensorFlow** and **Keras** for model training, evaluation and optimization.
- Conducted a study of a relevant research paper, using its findings as the foundation for the project development.

Emojifier | Python, scikit-learn, cv2, HTML, Bootstrap CSS

- Built a web application to translate facial expressions into emojis using **Support Vector Machine** and **computer vision**.
- Trained the model on 5+ emotion classes and achieving **~88%** classification accuracy on test data.
- Authored a [blog post](#) detailing the overview, development process, technical insights, analysis and results.

Position of Responsibility

Blog Writing In-charge & Content Writer

Media Team of ICT Department, Marwadi University

- Serving as the **content writer** and **blog writing lead** for the department media team, responsible for writing engaging content for social media posts to maintain active online presence.
- Authored posts showing department students' achievements, competitions, events, expert talks, and accomplishments.
- Coordinated with team members to develop engaging posts that effectively promoted department activities and initiatives.

Technical Skills

Programming Languages: Python, C, C++, Java, HTML/CSS, JavaScript, PHP

Framework/Library: TensorFlow, Keras, Pandas, Matplotlib

Database & Tools: MySQL, MongoDB, PostgreSQL, Tableau, Minitab, Docker, AWS S3, AWS Lambda, Postman

Version Control: Git/Github

Certifications

Deep Learning – IIT Ropar (NPTEL)

Analytics using Tableau (Infosys Springboard)

AWS Academy Cloud Developing (AWS Academy Graduate)

Data Visualization with R (Cognitive Class IBM)

Achievements & Extracurriculars

- **2nd runners up** in Data Dice Decathlon, MU Fest 2024.
- Conducted 5 hours long C++ fundamentals practice session for 30+ department juniors.
- Volunteered in ATAL FDP 2025 organized by **AICTE (All India Council for Technical Education)**
- Volunteered in NetSiP 2024 organized by **IEEE Signal Processing Society**.
